

What is a Waiver?

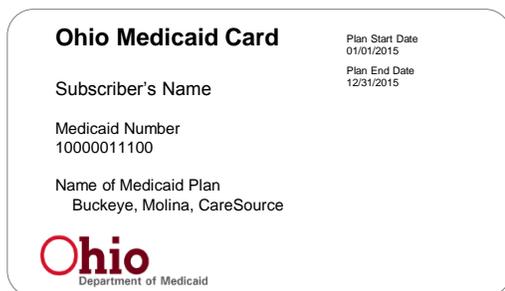

An Easy Read Guide

Your service plan lists the services that you want to support you.

Services in a service plan might be things like

- someone to help you cook meals
- someone to help you take medication
- someone to drive you to work

A waiver is one way to pay for the services in your service plan.

A waiver pays for services through Medicaid.

You may be able to get all of the services you want without a waiver.

If you need a waiver for the services you want then your county board of developmental disabilities can help you apply for one.
