

Transportation

January 9th, 2020

Nyoka Craddolph, Policy Manager
Rik Donley, Medicaid Field Consultant

Medicaid Development and Administration

Transportation Changes 2/1/2020

- Non-Medical Transportation (NMT)
 - Expanded NMT definition to include additional locations
 - Volunteer activities
 - Post-secondary educational programs
 - Internships and practicums
 - Added \$580 to NMT individual budget limitation for each Cost of Doing Business (CODB) category
 - NMT – Per Trip
 - Removed passenger size requirements making all vehicle types eligible
 - NMT – Per Mile
 - Established separate rates for NMT in Non-modified and Modified vehicles

Transportation Changes 2/1/2020

- Routine Transportation
 - Per Mile
 - Established separate rates for Transportation in Non-modified and Modified vehicles
 - Increased ODDP Funding Ranges

Modified Vehicle Mileage Rate

- The mileage rate for a Modified Vehicle can only be billed if at least one person being transported has the need for transportation in a modified vehicle documented in their ISP
- If the Modified mileage rate is billed, and the services are shared, the Modified rate will be billed for all individuals being transported (even for those who do not have the documented need)

Planning Preparation

- Gather information from provider
 - Current vehicle type (Modified vs. Non-modified based on need)
 - Group size (1 or more)
- Do your best to estimate based on what you know about the individual and their needs

Roll-up Codes

- NMT-Per Mile in a Modified Vehicle will be included in the existing NMT Roll-up Codes (A35, F35 and S35)
- Now that Transportation has 2 Vehicle Types (Modified and Non-modified), there is a roll up code for Transportation as well. The Roll-up Codes are ATN, FTN and STN, which are also Billing Codes.

*** Don't let this confuse you ***

*** Additional information on Slides 13 &14 ***

New Transportation Process

- Medicaid Service System (MSS)
 - Vehicle Type – Modified or Non-modified must be selected when authorizing NMT-Per Mile or Transportation

Medicaid Service System (MSS)

- Known Issue
 - MSS will not currently allow for NMT or Transportation to be entered in the Manage Unscheduled Services area and on the Calendars for the same dates
 - Fix is on the way – likely to be released in March 2020
- Note: Options are:
 - Calendar: ADS/NMT pattern will allow service details to include per trip and per mile
 - Unscheduled: will allow service details to include per trip and per mile

Cost Projection Detail Updates

- When authorizing NMT-Per Mile under the Manage Unscheduled ADS/NMT portion of CPT, the user will need to select the Vehicle Type (Non-modified or Modified).

Level One Emergency Assistance Benefit

- Level One Emergency Assistance Rule – 5123-9-27
 - Does not currently reflect language around Transportation in a Modified Vehicle (Service Code – ETO)
 - Rule updates should be in place by March of 2020
- ETO will be available in MSS, PAWS and MBS at that time with an effective date of 2/1/2020
- Questions or Concerns/Issues – Contact
 - MSS Support - MSSSupport@dodd.ohio.gov, or
 - Nyoka Craddolph, Policy Manager
Nyoka.Craddolph@dodd.ohio.gov

Billing Codes

Non Medical Transportation

 - Individual Options Waiver: **ATN**
 - Level One Waiver: **FTN**
 - L1 Emergency Assistance: **ETN**
 - Self-Empowered Life Funding Waiver: **STN**

Billing Rates:

Mileage – NMT & Transportation

- Rates are established on a per-person basis, depending on the number of individuals being transported, regardless of funding source, and whether the service is provided in a Modified vehicle or a Non-modified vehicle
- Multiply the appropriate rate by the number of miles to determine the per-person amount to be billed to the waiver

	1 Individual	2 or 3 individuals	4 or more individuals
Modified Vehicle	\$1.00 per person	\$0.50 per person	\$0.38 per person
Non-modified Vehicle	\$0.58 per person	\$0.29 per person	\$0.22 per person

No changes to NMT – Per Trip rates

New rate structure

- Previous Non Medical Transportation rate included the driver cost. This has been removed with the new rule effective 2/1/2020.
- Provider may now bill for driver time if certified for a service (HPC or Adult Day or Employment service) and approved in ISP

On Behalf Of

- Mileage prior to pick up and after drop off
 - Mileage driving to pick up a person and after dropping the person off is not considered an "on behalf of" service
 - Mileage driving to pick up a person and after dropping the person off is not billable
 - This applies to all types of mileage-based transportation in all three DODD waivers

Commercial Transportation

- Commercial Transportation
 - No changes
 - Commercial Transportation for bus passes
 - Creativity with this service, within the realm of providing specialized services, while ensuring health, safety, and welfare and increasing independence and community integration is permissible
 - We hope to continue to expand possibilities
